Comments and suggestions for improvements:

2/ Overall organisation

	--	-	ok	+	++
* Invitation and informations: quality and timeliness					
* Facilitation methods					
* Inclusiveness of the event					
* Lunch and coffee break : quality and duration					

Comments and suggestions for improvements:

3/ Benefits from the Hackathon

What are the main benefits you have drawn from this Hackathon in terms of:

- Meetings/networking:
- Learnings:
- Work Prospects:
- Other (please specify):

4/ Follow-up

What specific issue(s) would you like to further investigate / build alliance on / work on ?

During the seminar, did you discuss possible collaboration with other participants? If so, which ones?

What kind of follow-up activities would you like (another hackathon, seminar, network, alliances, other events or work...)?

Can you suggest people or organisations that we should contact for future work on CSA/LSPA/SFS training and management software development in Europe?
